**A NEW YEAR,
A NEW BEGINNING
&
THE CHALLENGES OF TRADE IN INDO PACIFIC**

**Friday, 26th February 2021
from 14.00 hrs. to 16.00 hrs. IST /
17.30 hrs. to 19.30 hrs. JST**

The year 2021 marks the beginning of a decade, full of hopes and challenges with countries globally trying to revive their economy. Given what has happened in 2020, what does the future behold for the Indo Pacific, not just in terms of economic growth for the region but on issues of trade that individual nations were pre-occupied with even during the peak of the pandemic? The trade wars unleashed among allies and adversaries have had a telling impact not just on the future of economic policies and governance but also on nation-state behavior. With a Biden administration coming to power and taking shape in Washington, what does the future behold for the Indo Pacific as a region in the realm of trade and economics especially for key players like India, Japan, China, the United States and Australia?
